Nicole Walters, Monroe County Agent

Education: Associate of Science in Biology — Gordon College; BS in Psychology — Columbus State University; MS in Public Administration — Columbus State University

Programming focus: Financial Capability; Chronic Disease Prevention/Healthy Lifestyles; Healthy, Safe, and Affordable Housing Environments.

The Family and Consumer Science program in Monroe County strives to provide local residents with research-based information to aid in chronic disease prevention and healthy lifestyles. Due to valuable resources through the University of Georgia and its partners, Monroe County FACS also offers educational programs for positive development for individuals, families and communities. Programs are geared towards the immediate and relevant needs of Monroe County and its citizens.
