Roxie Price, Tift County Agent

Education: B.S. Psychology Valdosta State University; M.S. Industrial & Organizational Psychology, Valdosta State University,

Programming focus: Chronic Disease Prevention/Healthy Lifestyles, Food Safety and Preservation, Economic Well-being for Individuals and Families

The Tift County Family and Consumer Sciences program is focused on providing resources and education for a strong community where families and individuals enjoy health, safe homes, and economic stability. The National Restaurant Association's ServSafe® Manager training is offered throughout the year to help prevent foodborne illness outbreaks. Collaborating with community organizations and businesses make these goals possible. The community relies on the research based information provided by the UGA Extension Agent.
